

## **PRESS RELEASE**

### **DISTRIBUTION AGREEMENT WITH EMC<sup>2</sup>**

**Empoli (FI), January 30, 2014** – Sesa S.p.A. announces that the Group's main subsidiary, Computer Gross Italia, operating in distribution of value-added IT, has signed a distribution agreement for the Italian market with EMC<sup>2</sup>, a global IT leader in supporting technology innovation and information management (Big Data, Cloud Computing, Trusted Infrastructure).

Thanks to this agreement, Computer Gross Italia further expands its portfolio in value-added IT solutions sector, in which is leader in the Italian market.

Computer Gross Italia already distributes in the Italian market the main international Brands of software and value-added technology sector in business segment including Citrix, Cisco, IBM, HP, Lenovo, Microsoft, Oracle, Symantec and VMware.

The agreement follows the Group's greater focus on value-added IT solutions and can contribute to consolidate its revenue growth, up 5.9% in the first half year ended October 31, 2013 compared to previous period, as already announced on December 23, 2013.
